Top 10 Strategies for College Success

1. Choose a major wisely. There is a way to do it correctly!
2. You don't have to pick a career, you just have to pick a major. Most majors lead to 1,000s of job opportunities!
3. It's not the college, it's the major....
4. It's not the major, it's everything else.
5. Get involved! It builds friendships, gives you valuable experiences, and enhances your resume.

6. Join professional associations! It's builds your "career related" expertise and vocabulary so when you interview, you present a professional image.
7. Get an internship. It's the #1 experience employers look for!
8. Get a second internship or more. It's the #1 experience employers look for!
9. Avoid unnecessary debt! A college degree is worth it. New wireless ear buds, cell phones, and cars are not. Be smart with your money!
10. Use a career counselor or MCM Consultant! It's an investment in you and your future!

BONUS: College is fun but so is doing what you love! Just ask me! I have been doing what I love for 25 years and haven't felt like I worked a day in my life!
